The Impact of IMPACT 2023

IMPACT Initiatives

Human Resources & Services Administration's Evidence to Impact Center

- Federally-funded initiative partnering with The American Academy of Pediatrics, ZERO TO THREE, and more leading early childhood organizations. Scaffolding early childhood systems to support infant health across the nation.

Massachusetts Department of Elementary & Secondary Education

- Advancing equitable early childhood measurement guidelines within the state.

Oregon Department of Early Learning & Care

- Supporting revisions of the Oregon Kindergarten Readiness Assessment, focusing on centering family/educator voices.

Changing early childhood measurement

Out of the surveyed IMPACT users and webinar attendees:

- 90% increased understanding of early childhood measurement
- 74% plan to use IMPACT to review new measures in the future
- 71% increased comfort with communicating about measurement
- 71% changed their measurement practices
- 71% used IMPACT to find measures for their community's needs
- 64% increased their workplace responsibility for measurement

Words from IMPACT users

- “Thank you - invaluable resource!”
- “Great presentation and a super useful tool.”
- “It was great and easy to use, I recommend it.”
- “The tool looks so helpful!! I found the instructional video very clear and engaging.”
- “I will help spread the word about this tool!”
- “The website was very easy to use and apply filters for specific domains of interest. I learned about many new assessment tools that are readily available at no cost.”
- “Attendees were able to utilize the tool in their ongoing work, as well as share with colleagues for further professional development.”
